

Step 5 -1

- ▶ 把 admin#jobs 做個區分
- ▶ 要有 sidebar, 這樣就容易知道自己在哪

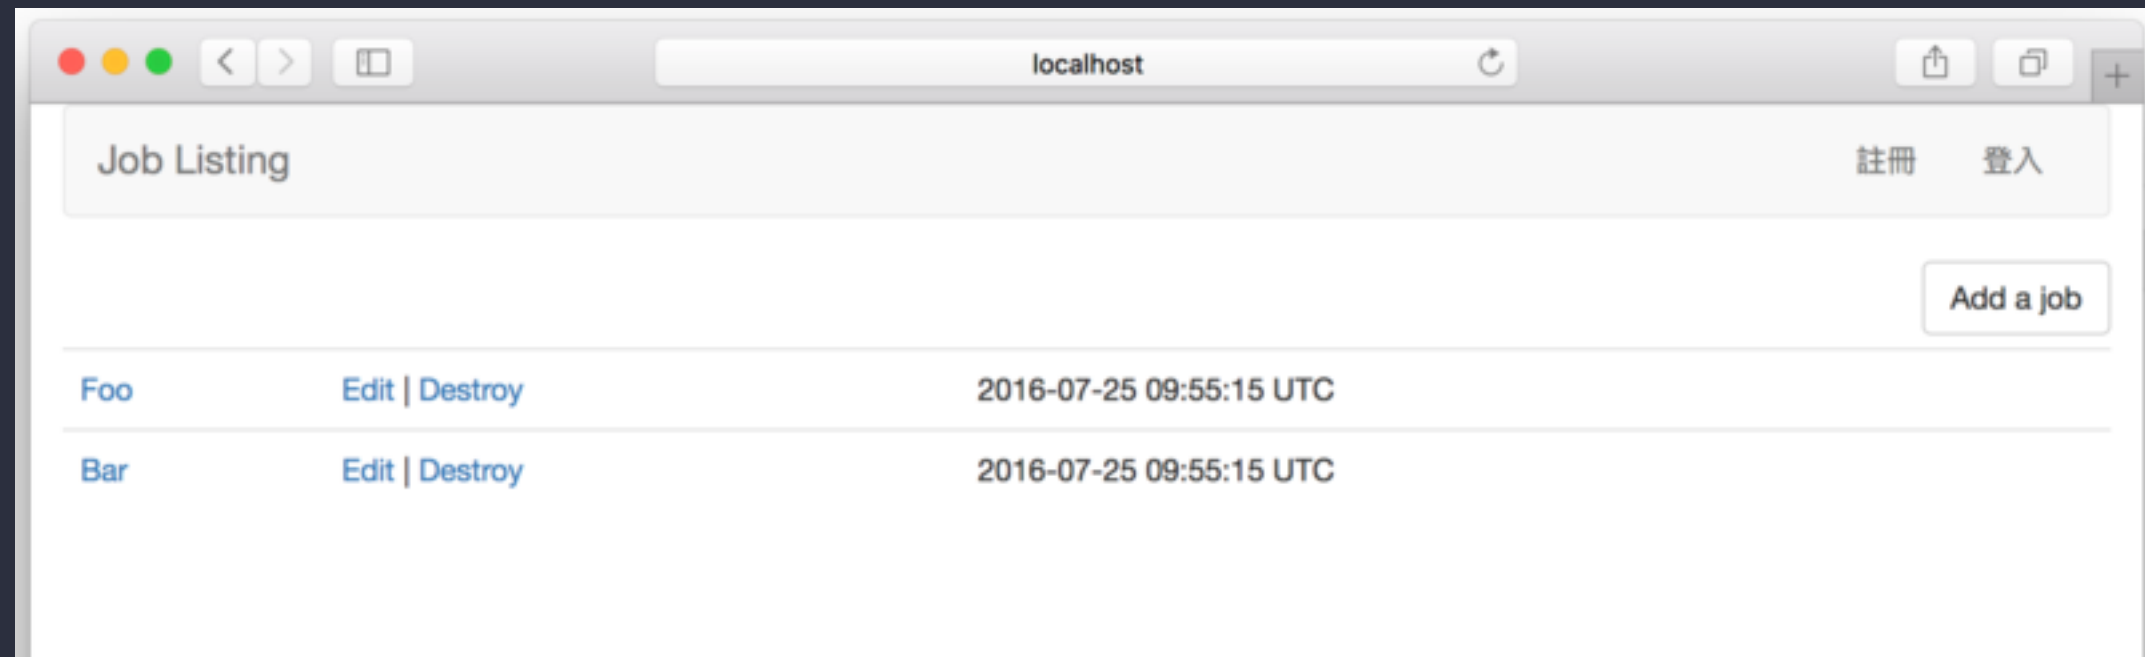

提示

- ▶ 利用 layout 可以做出不同的 view

app/controllers/admin/jobs_controller.rb

```
class Admin::JobsController < ApplicationController
  before_filter :authenticate_user!, only: [:new, :create, :update, :edit, :destroy]
  before_filter :require_is_admin
  layout "admin"
```

使用者看的

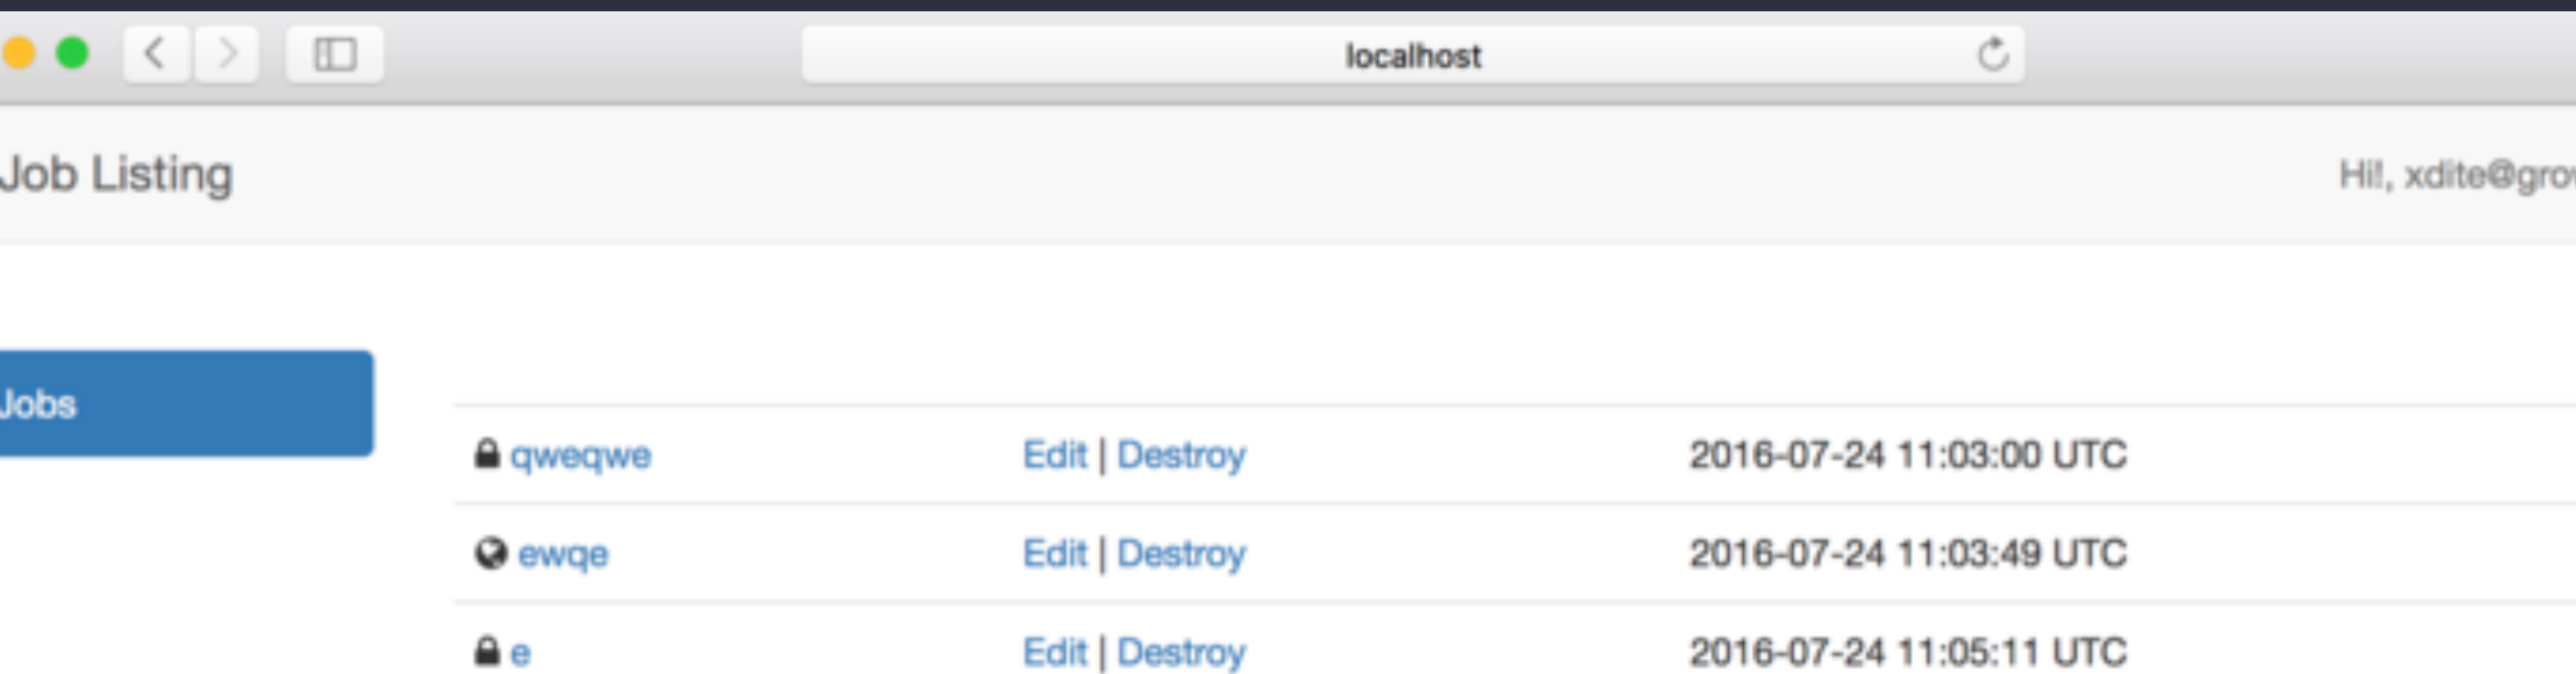

Admin 看的

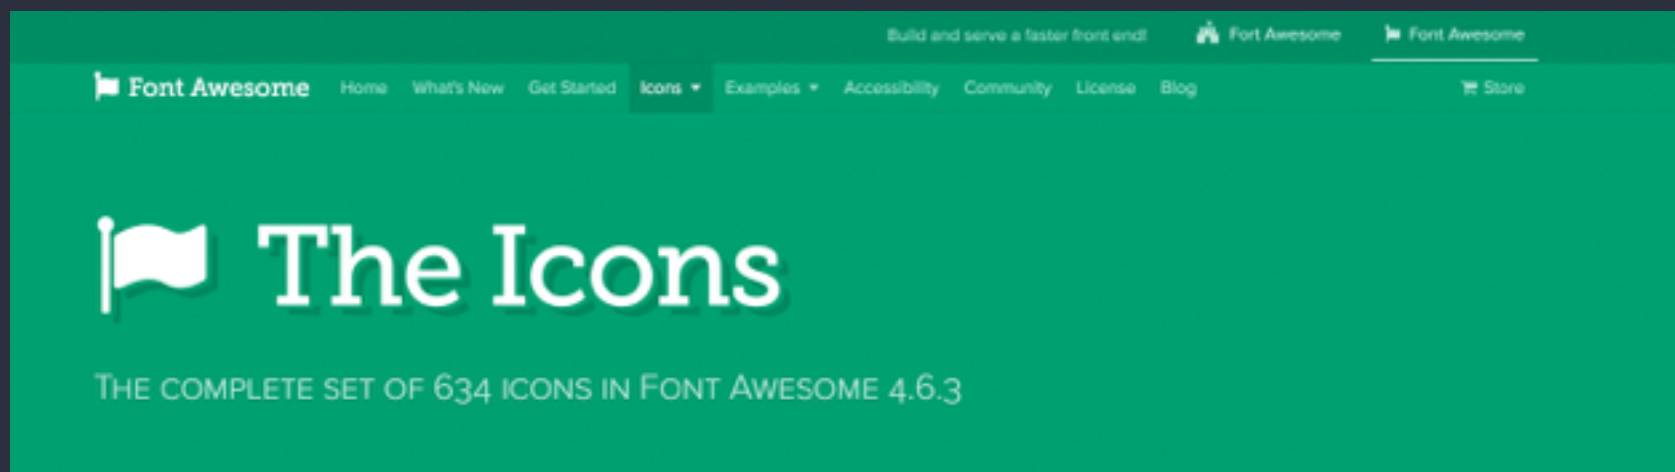

Step 5 - 2

- ▶ 把 public / hide 改成圖示

提示

- fontawesome <http://fontawesome.io/icons/>

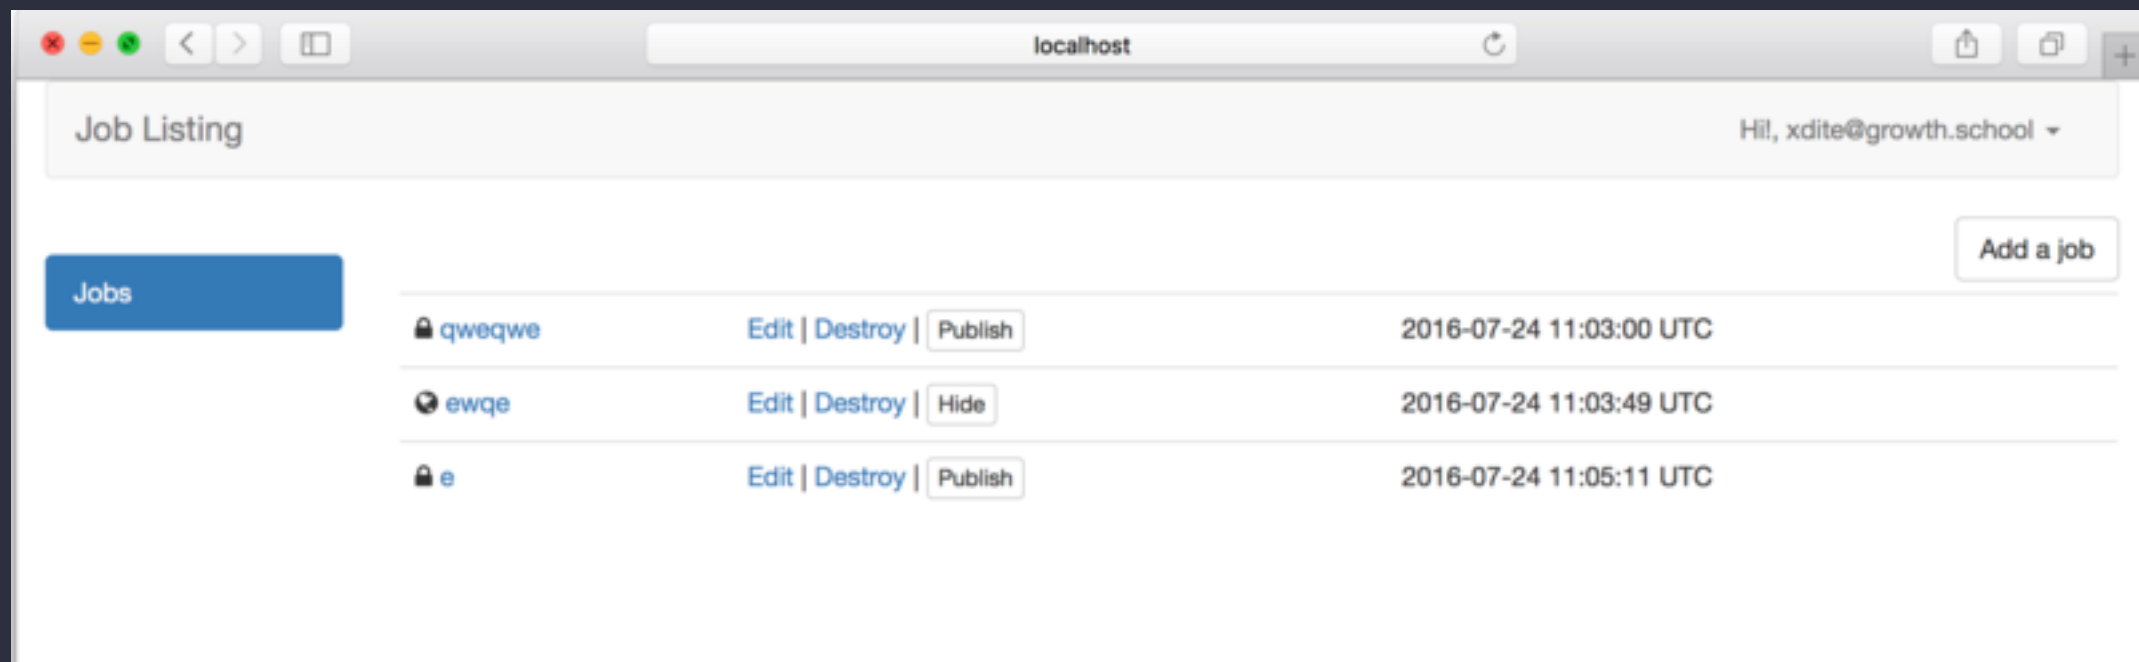

30 New Icons in 4.6

american-sign-language-interpre..	asl-interpreting (alias)	assistive-listening-systems	audio-description
blind	braille	deaf	deafness (alias)
envira	fa (alias)	first-order	font-awesome
gitlab	glide	glide-g	google-plus-circle (alias)
google-plus-official	hard-of-hearing (alias)	instagram	low-vision
pied-piper	question-circle-o	sign-language	signing (alias)
snapchat	snapchat-ghost	snapchat-square	themeisle
universal-access	viadeo	viadeo-square	volume-control-phone
wheelchair-alt	wpbeginner	wpforms	yeast

Step 5 - 3

- ▶ 把 publish / hide 改成按鈕

提示

```
member do  
  post :publish  
  pist :hide  
end
```
